A GUIDE TO CARE FOR Hair-On-Hide Leather

MAINTAINING YOUR FURNITURE

Hair-On-Hide is durable and one of the most forgiving surfaces to clean and maintain. For basic maintenance, simply vacuum your cowhide with the brush attachment, moving in the direction of the hairs; or wipe with a soft, damp cloth.

TO BE EXPECTED

Because hides vary in color and texture, each piece is entirely unique. The natural variation shows the true characteristics of authentic leather.

SPOT CLEANING

Blot (do not rub) spills immediately with a clean cloth until no more liquid can be absorbed. For dark stains, dilute mild soap (dish soap or shampoo) in warm water and blot with a sponge or cloth, rubbing gently to reach the base of the hairs, until the stain is removed. Avoid soaking the hide. Allow to dry naturally (do not use a heat source/

blow dryer). For thick or sticky substances, scrape off with the dull side of a dinner knife, moving in the same direction as the hair; then clean as detailed above.

KEEP IN MIND...

Keep leather items away from direct sunlight and heat as they can cause the leather to fade and lose its softness.

Indoor Product Warranty

Ardmore Home Design (DBA Made Goods) warrants its product to be free from manufacturing defects to the original purchaser for one (1) year time from invoice date. Proper maintenance, including routine cleaning, replacement of worn glides, and removal of products in high winds or severe climates (heat or cold) is the sole responsibility of the owner and is required to keep this warranty.

The warranty does not apply to damage resulting from improper maintenance, misuse, negligence, normal wear, abuse, accident, alteration or tampering. Accessories, cushions, fabrics, pillows, COM fabrics, glass and metal are not covered by this warranty. Repair or modification by anyone other than Made Goods or an approved agent, voids the warranty.
