AGNES, Box, S/2, Multicolor Pixel, Reconstituted Veneer.

Add a splash of color with our Agnes box set. Handcrafted from artistically rendered wood veneer, the multicolored pixel finish is applied over a solid wood base. Each box is lined with black velvet with a hinge closure. Due to variations in color, texture, and grain patterns, no two patterns are exactly alike. Sunlight and other environmental factors contribute to the one-of-a-kind intricacies of each piece.
