

ELBA CHANDELIER

CHAEELBA24KA
MG000097

ELBA, 24"D, Kabibe/Gold, Shell/Metal.

The Elba is Made Goods' vintage-inspired take on a sputnik chandelier. Large discs of luminous kabibe shell replace the style's typical spheres, and varying dimensions and diameters create a dynamically abstract feel. Offering lighting that's more atmospheric than functional, this chandelier sets a modern mood for dining rooms, foyers, and more.
